

DATALOGIC

GENERAL TERMS AND CONDITIONS FOR SALES OF PRODUCTS

APPLICABILITY

Unless a written contract executed between the procuring party ("**Buyer**") and **Datalogic USA, Inc.** (directly or through any of its branches, or one of its Affiliates) ("**Datalogic**"), any purchase order covering the sale of any product ("**Product**") contained in any Datalogic offer will be governed solely by these terms and conditions ("**Conditions of Sale**"), whether or not the offer or these Conditions of Sale are referenced in the Buyer's purchase order ("**Order**"). Buyer's silence or acceptance or use of Products is acceptance of these Conditions of Sale. Any Order placed by the Buyer for Products if and when accepted by Datalogic shall constitute a separate binding contract entered into by Datalogic and Buyer in accordance with and incorporating the Conditions of Sale and any relevant Datalogic quotation document or other document ("**Agreement**"). For purpose hereof "**Affiliates**" shall mean parents, subsidiaries, partnerships, joint ventures and any entity(ies) that directly or indirectly controls or is controlled by a party, or with which a party shares common control. A party "controls" another entity when the party, through ownership of the voting stock or other ownership interest of that entity, or by contract or otherwise, has the ability to direct its management.

ORDERS AND SPECIFICATIONS

No Order placed by the Buyer shall be deemed to be accepted by Datalogic unless confirmed in writing by Datalogic within thirty (30) days from the receipt of the Order. Orders are subject to Datalogic's minimum order requirements, if any, and Datalogic's acceptance. Datalogic reserves the right to limit Order quantities for certain Products. Datalogic's Order acknowledgment and receipt will not constitute acceptance. Any additional or conflicting terms on an Order will not apply unless specifically agreed to in writing by Datalogic. Any request from the Buyer to Datalogic for additional Products shall be deemed to constitute a new and independent Order. The quantity, quality, specifications and description of the Products shall be those set forth in Datalogic's quotation, if applicable, or in the Order (if accepted by Datalogic). The Products specifications, sales literature, quotations etc. shall be strictly confidential and must not be disclosed to third parties. The Buyer is responsible to Datalogic for ensuring the accuracy of all data reported in the Order. The Buyer shall promptly give Datalogic any necessary information to enable Datalogic to fulfill the Order in accordance with the terms provided for therein.

PRICE AND PAYMENT TERMS

The Products and other items or services covered by this Agreement shall be sold and invoiced at Datalogic's prices and charges in effect at the time of each shipment of Products or otherwise as notified by Datalogic to Buyer in writing. Datalogic reserves the right to change, without notice, the published list prices referenced on any purchase Order. Prices do not include sales, excise, use, or other taxes now in effect or hereafter levied by reason of this transaction. The Buyer shall pay all such taxes. If Datalogic is required to pay any such tax, fee or charge at the time of the sale thereafter, Buyer shall reimburse Datalogic therefore upon demand.

Payment terms are net thirty (30) days from the date of invoice. All payments must be made without set-off, counterclaim, withholding or other deduction. Datalogic reserves the right to require alternative payment terms, including, without limitation letter of credit or payment in advance. If shipments are delayed by the Buyer, payment shall be made based on the contract price and percentage of completion.

If Buyer is delinquent in its payment to Datalogic, then until all delinquent amounts are paid Datalogic may, in its sole discretion: (1) be relieved of its obligations with respect to guarantees, including without limitation, turnaround times, spares support and delivery lead times; (2) refuse to process any credit to which Buyer may be entitled; (3) set off any credit or sum owed by Datalogic to Buyer against any undisputed amount owed by Buyer to Datalogic; (4) withhold future shipments to Buyer; (5) declare Buyer's performance in breach and terminate any Order; (6) repossess Products for which payment has not been made; (7) deliver future shipments on a cash-with-Order or cash-in-advance basis; (8) charge interest on delinquent amounts at a rate of 1.5% per month until full payment is made, or the maximum rate permitted by law, if lower, for each month or part thereof; (9) charge storage or inventory carrying fees on those custom products; (10) recover all costs of collection including, without limitation, reasonable attorneys' fees; (11) accelerate all remaining payments scheduled and declare the total outstanding balance then due and owing; or (12) combine any of the above rights and remedies as may be permitted by applicable law. The above remedies are in addition to all other remedies available at law or in equity.

DELIVERY AND SHIPMENT

Unless otherwise agreed in writing by Datalogic and Buyer, delivery terms are EXWORKS (Incoterms 2000), Datalogic's facility. Datalogic will schedule delivery in accordance with its standard lead-time unless Order requests a later delivery date or Datalogic agrees in writing to an earlier delivery date. Buyer will pay all transportation costs (including insurance and customs duties) and for any claims to be filed with the carrier. If Datalogic prepays transportation charges, Buyer will reimburse Datalogic upon receipt of an invoice for those charges. Risk of loss or damage will pass to Buyer when Datalogic places Product at Buyer's disposal at Datalogic's facility. Datalogic reserves the right to impose additional charges for any special routing, packing, labeling, handling or insurance requested by Buyer. If a strike, embargo, or any event beyond Datalogic's control prevents shipment or delivery to Buyer or its agent, or if shipping instructions for any shipment are not received before shipment date or if payment is to be made on or before delivery, title and risk of loss shall pass to Buyer as soon as the shipment has been set aside by Datalogic and invoiced to Buyer and payment shall be made in accordance with invoice.

Datalogic may make delivery in instalments and may render a separate invoice for each instalment which shall be paid when due, without regard to subsequent deliveries. Each instalment shall be deemed a separate sale. Delay in delivery of any instalment shall not relieve the

Buyer of its obligation to accept delivery of remaining instalments. Any delivery not in dispute shall be paid for on its due date, without offset defense or counterclaim and regardless of controversies relating to other deliveries or undelivered products.

CONSIGNED PRODUCTS

Buyer acknowledges that certain Products provided by Datalogic may be supplied on a consignment basis. In the event any Product is designated as consigned Products, then Buyer agrees to execute all documents provided by Datalogic necessary to effectuate the consignor-consignee relationship and, in addition to any terms and conditions of consignment, specifically agrees that Datalogic shall retain title to all consigned Products until such time as Buyer sells such Products to its buyers at which time title shall pass from Datalogic to the respective buyers. Buyer shall keep an accurate and current inventory and record of all consigned Products and shall permit Datalogic or Datalogic's representatives to inspect said records and said Products at any reasonable time upon demand.

ACCEPTANCE

Buyer shall be deemed to have accepted any Product unless it notifies Datalogic in writing of any Nonconforming Products (as defined herein): (a) in the case of defects discoverable through inspection, 14 (fourteen) days after arrival of the shipment or (b) in the case of defects not discoverable through inspection, 30 (thirty) days after invoice date. "Nonconforming Products" means when and if the Product shipped is different per quantity and type than identified in Datalogic acceptance of the Buyer's Order.

In the case of Nonconforming Products, Buyer shall immediately notify Datalogic whether Buyer will continue to accept similarly Nonconforming Products. Acceptance of any Nonconforming Products shall constitute a waiver by Buyer of specification requirements for said Products. In any event, when the Product shall have been altered from its original state, Buyer shall be deemed to have accepted the product. Buyer's acceptance of Products tendered under this contract shall be final and irrevocable.

WARRANTY

Datalogic warrants that the Products delivered under these terms and conditions shall be free from defects in materials and workmanship under normal and proper use during the Warranty Period (as defined below). Datalogic's liability under this warranty is limited to furnishing the labor and parts necessary to remedy any Defect, as defined below, covered by this warranty and restore the product to its normal operating condition. Repair or replacement of Product during the warranty does not extend the original warranty term. Products are sold on the basis of specifications applicable at the time of manufacture and Datalogic has no obligation to modify or update Products once sold. The warranty period starts from the date of shipment from Datalogic for the subsequent 12 (twelve) months unless otherwise stated by Datalogic for the specific Product at the time of purchase ("**Warranty Period**").

If, during the Warranty Period, Datalogic determines that a Product has a Defect, Datalogic shall, at its sole option repair or replace the product without additional charge for parts and labor, or- whenever repair or replacement is not possible - give a credit for the defective Products duly returned to Datalogic. "**Defect**" means failure to comply with, or failure to operate due to noncompliance with, applicable Datalogic drawings or having defects in workmanship or material. Normal wear and tear and the need for regular overhaul and periodic maintenance do not constitute a Defect.

Buyer must notify Datalogic (which notice shall be in writing sent by registered courier or mail) of the claimed Defect before the expiration of the Warranty period and obtain from Datalogic a return authorization number for return of the Product to designated Datalogic service center. Buyer shall offer Datalogic the opportunity to investigate the claim and to inspect the allegedly defective Products. Failure to offer Datalogic such opportunity shall constitute acceptance by Buyer and waiver of all claims for Defects. The Products must always be returned within ten (10) days from the date of authorization issued by Datalogic. If Datalogic determines Buyer's claim is valid, Datalogic will repair or replace product without additional charge for parts and labor. To perform repairs, Datalogic may use new or reconditioned parts, components, subassemblies or products that have been tested as meeting applicable specifications for equivalent new material and products. Buyer will allow Datalogic to scrap all parts removed from the repaired product. Buyer shall be responsible for packaging and shipping the Product to the designated Datalogic service center, with shipping charges prepaid. Datalogic shall pay for the return of the product to Buyer if the shipment is to a location within the country in which the Datalogic service center is located. Buyer shall be responsible for paying all shipping charges, duties, taxes, and any other charges for products returned to any other locations.

If Datalogic reasonably determines that a Defect does not exist, then Buyer will pay all expenses related to the improper return including, but not limited to, diagnostic and shipping charges.

Datalogic will not be liable under this warranty if the Product has been exposed or subjected to any: (1) maintenance, repair, installation, handling, packaging, transportation, storage, operation or use that is improper or otherwise not in compliance with Datalogic's instruction; (2) Product alteration, modification or repair by anyone other than Datalogic or those specifically authorized by Datalogic; (3) accident, contamination, foreign object damage, abuse, neglect or negligence after shipment to Buyer; (4) damage caused by failure of a Datalogic-supplied product not under warranty or by any hardware or software not supplied by Datalogic; (5) any claimed defect or damage caused by the failure to provide proper maintenance, including but not limited to cleaning the upper window in accordance with product manual or the replacement of upper window/cartridge due to scratching, stain or other degradation; (6) any defect or damage caused by natural or man-made disaster such as but not limited to fire, water damage, floods, other natural disasters, vandalism or abusive events that would cause internal and external component damage or destruction of the whole unit, consumable items; (7) use of counterfeit or replacement parts that are neither manufactured nor approved by Datalogic for use in Datalogic-manufactured Products; (8) any damage or malfunctioning caused by non-restoring action as for example firmware or software upgrades, software or hardware reconfigurations etc.

(9) any consumable or equivalent (e.g. cables, power supply, batteries, etc.).

Datalogic has no obligation under this warranty unless Buyer maintains records that accurately document operating time, maintenance performed and the nature of the unsatisfactory condition of Product. Upon Datalogic's request, Buyer will give Datalogic access to these records for substantiating warranty claims.

THESE WARRANTIES ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, WHETHER WRITTEN, EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, AND FITNESS FOR PARTICULAR PURPOSE. DATALOGIC SHALL NOT BE LIABLE FOR ANY DAMAGES SUSTAINED BY BUYER ARISING FROM DELAYS IN THE REPLACEMENT OR REPAIR OF PRODUCTS UNDER THE ABOVE. THE REMEDY SET FORTH IN THIS WARRANTY IS THE BUYER'S SOLE AND EXCLUSIVE REMEDY FOR WARRANTY CLAIMS. NO EXTENSION OF THIS WARRANTY WILL BE BINDING UPON DATALOGIC UNLESS SET FORTH IN WRITING AND SIGNED BY DATALOGIC'S AUTHORIZED REPRESENTATIVE. DATALOGIC'S LIABILITY FOR DAMAGES ON ACCOUNT OF A CLAIMED DEFECT IN ANY PRODUCT DELIVERED BY DATALOGIC SHALL IN NO EVENT EXCEED THE PURCHASE PRICE OF THE PRODUCT ON WHICH THE CLAIM IS BASED. DATALOGIC SHALL NOT BE LIABLE FOR DAMAGES RELATING TO ANY INSTRUMENT, EQUIPMENT, OR APPARATUS WITH WHICH THE PRODUCT SOLD UNDER THIS AGREEMENT IS USED.

EXCUSABLE DELAY OR NON PERFORMANCE

Datalogic will not be liable to Buyer for any failure to meet its obligations due to any cause beyond its reasonable control including, but not limited to: government embargoes or any other government acts that interfere with performance; seizure or freeze of assets; delays or refusals to grant an export license or the suspension or revocation thereof; fires, floods, severe weather conditions; any other acts of God, quarantines or regional medical crisis; labor strikes or lockouts; riots, strife, insurrection, civil disobedience, armed conflict, terrorism or war, declared or not or impending threat of any of the foregoing, if reasonably expected to cause injury to people or property; and shortages or inability to obtain materials or components. The due date of any performance affected by such an event will be extended by the period of time that Datalogic is actually delayed. If the inability to perform continues for more than sixty (60) days, either party may terminate the affected Order by providing written notice to the other party.

CHANGES

Datalogic may, without notice to Buyer, incorporate changes to Products provided that such changes do not materially affect overall product performance. Any changes to the specifications requested by the Buyer shall be subject to agreement by the Buyer and Datalogic.

OUT OF WARRANTY PRODUCTS

For Products no longer covered by warranty services, Datalogic may offer billable repair services on products, provided such products are serviceable. Buyer acknowledges and accepts that for some older Products the repair may exceed the costs of manufacturing a new Product and Datalogic may decline to perform repair services. Upon Buyer's request for out of warranty services, Datalogic will evaluate the request of repair and shall provide, to the extent applicable and feasible according to the above, a cost-estimate for repairs, which will be on a time and materials basis.

CANCELLATION

Unless otherwise stated in these Conditions of Sale, either Party may cancel any Order or portion of an Order by giving other Party's written notice if the other party becomes insolvent, files a petition for bankruptcy, or commences or has commenced against it proceedings relating to bankruptcy, receivership, reorganization or assignment for the benefit of creditors. Furthermore, Datalogic, in addition to any remedies that may be provided under these terms, may terminate this Agreement with immediate effect upon written notice to Buyer, if Buyer: (i) fails to pay any amount when due under this Agreement and such failure continues for ten (10) calendar days after Buyer's receipt of written notice of nonpayment; or (ii) has not otherwise performed or complied with any of the terms of this Agreement, in whole or in part.

Datalogic will defend or settle, at its sole option and expense, any action brought against Buyer alleging that a Product furnished under this Agreement infringes an issued patent, registered trademark, or registered copyright of a third-party. Datalogic will pay damages that are attributable to the infringement action and finally awarded by a court of competent jurisdiction against Buyer or agreed upon in settlement, provided that Buyer must: (1) notify Datalogic promptly in writing of the action and (2) provide Datalogic all reasonable information and assistance to settle or defend the action.

Datalogic will not be responsible for any compromise or settlement made without Datalogic's prior written consent.
